

ALTEC LANSING<sup>®</sup>

PROFESSIONAL AUDIO<sup>™</sup>

## ***CommStar™ awarded “Best New Audio Product”***

CommStar was recognized as the “Best New Audio Product” at the recent infoComm trade show, the premier event for professionals in the audiovisual (AV) industry. CommStar is Altec Lansing’s new professional distributed speaker system that digitally delivers audio signals through Cat5 networking cable. This cutting-edge system caught the attention of Gary Kaye, a leading acoustical and AV systems consultant and publisher of the rAVE industry newsletter, who proclaimed CommStar as one of infoComm’s BEST!
